

# HOW TO CREATE A FAVORITE LIST FOR THE PHOTOGRAPHER

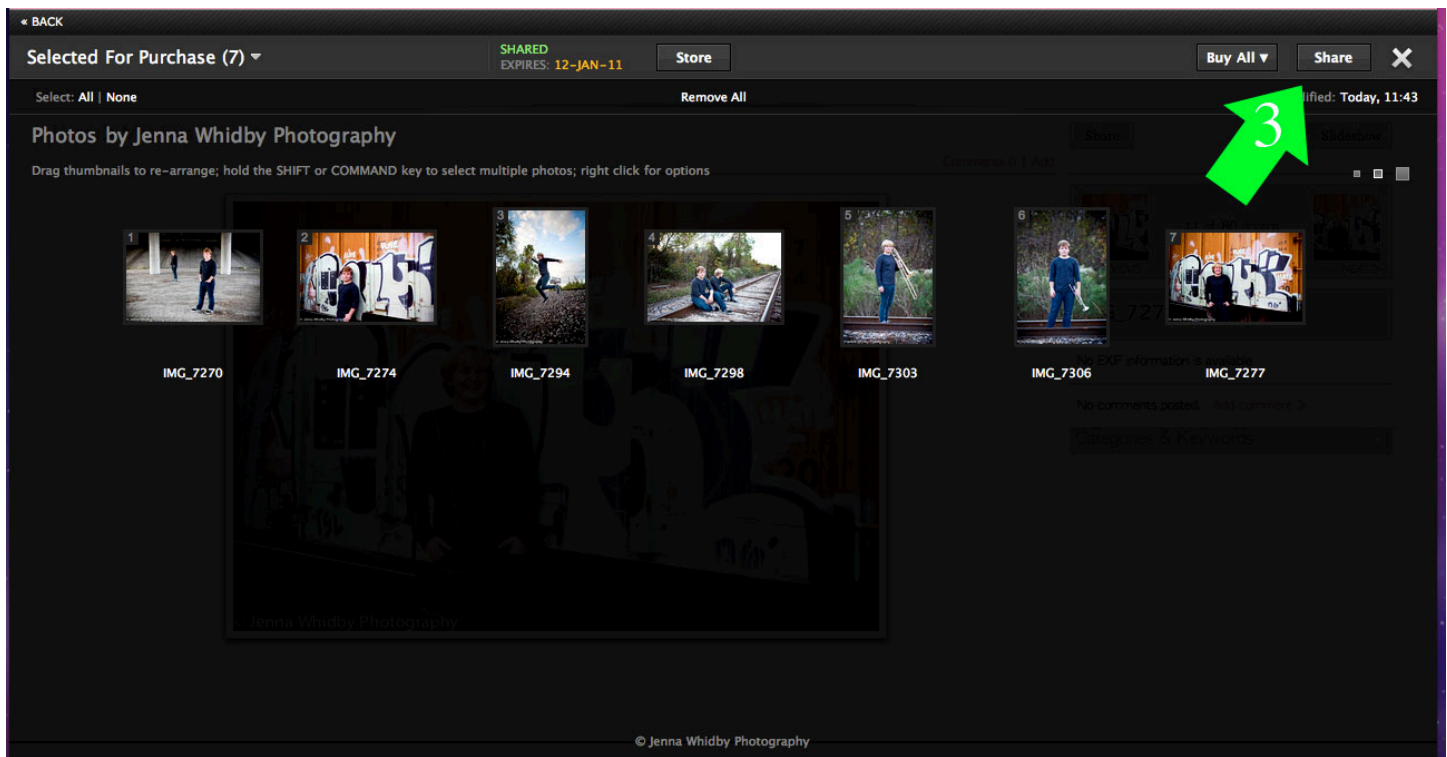

STEP 1: go to upper left corner of the picture and click “ADD TO FAVORITE”

Do this until you have add all your favorite pictures from the gallery.

STEP 2: go to “SELECTED FOR PURCHASE”. Even though you are not purchasing these now, it will tell me which ones you would eventually *like* to purchase.

STEP 3: Go to the “Share” button and follow the prompts to “Share with Photographer”.

Once you are finished selecting, I’ll receive an email telling me you are done picking your favorites, and then I’ll know which ones to edit.

Good Luck and Have Fun!
